TOUCH DISPLAYS - ENGAGE YOUR AUDIENCE

Professional, solid and robust. iiyama interactive large format displays are available in a huge range of sizes (32"- 98") utilising PCAP, Infrared or PureTouch-IR Multi-Touch technology.

Available in Full HD (1920x1080) or 4K (3840x2160) resolution with a choice of three possible orientations – landscape, portrait and face-up. Featuring either IPS or VA panel technology, the resulting vibrant and detailed images from all angles are truly exceptional. iiyama iLFD's are amazingly reliable and easy to use with zero software restrictions and suited for extended use; up to 24hrs per day. All iiyama ranges are compatible with most devices and software.
