

## 43" Professional Digital Signage display with 4K UHD resolution and 24/7 operating time

Set in a slim bezel, the iiyama LH4341UHS is a professional digital signage display offering 24/7 operating time in portrait and landscape orientation.

This 500cd/m<sup>2</sup> high brightness IPS panel with 4K UHD resolution (3840x2160) provides exceptional colour and image performance. With the built-in media player you can play your favourite music and show your most beautiful videos, photos and images directly on screen.

### 4K

UHD resolution (3840x2160), better known as 4K, offers a gigantic viewable area with 4 times more information and work space than a Full HD screen. Due to the high DPI (dots per inch), it displays an incredibly sharp and crisp image.

### Media player

Play your favourite music and show your most beautiful videos, photos and images directly on screen from a flash drive or internal memory with the built-in media player.
